GOE

AGENDA ITEM NO. 2 (I)

TO: Honorable Chairperson Barbara Carey-Shuler, Ed.D. and Members, Board of County Commissioners

DATE: February 10, 2004

FROM: George M. Burgess  
County Manager

SUBJECT: Resolution Authorizing the Acquisition of Land required for the Construction of a new Park and Ride Facility, Located at the Southern Terminus of the Busway Extension to Florida City, between Northwest 2 Street and Southwest 344 Street, and Northwest 2 Avenue and Northwest 3 Avenue, in Florida City  
Project No. 663008

## RECOMMENDATION

It is recommended that the Board approve the attached resolution declaring the acquisition of land required for the construction of a new Park and Ride Facility, located at the Southern terminus of the Busway Extension to Florida City, between Northwest 2 Street and Southwest 344 Street (A.K.A. Palm Drive), and Northwest 2 Avenue and Northwest 3 Avenue in Florida City, to be a public necessity; and authorizing the County Manager to employ appraisers, obtain required environmental audits, and acquire the land at values established by the appraisals.

## BACKGROUND

The Miami-Dade Transit Department has identified a need to provide a new Park and Ride Facility to serve passengers traveling not only to the northern part of Miami-Dade County but also those passengers traveling to Monroe County and the lower Keys. In order to provide this Park and Ride Facility, Miami-Dade Transit Department is required to purchase the parcels of land legally described in "Exhibit A", shown on the project location map in "Exhibit B", attached hereto and made a part hereof, located at Northwest 2 Street and Southwest 344 Street, Florida City.

Miami-Dade Transit Department is currently in the planning stages for the development of this facility; however, time is of the essence to begin the process of acquiring the land in order for the Park and Ride Facility to be completed and opened simultaneously when the Busway Extension is opened at this southern terminus location. The land area to be acquired consists of 11 parcels totaling approximately 3.08 acres. The Park and Ride Facility improvements will provide transit riders surface parking, a "Kiss and Ride" drop off area, a passenger wait area, bus bays and a turnaround for buses using the Busway; rest/break facilities for bus driver's, including restrooms and all other ancillary improvements standard to constructing a Park and Ride Facility.

The Park and Ride Project is being funded by a Federal Busway grant. The parcels will be acquired in fee simple title.
